It will still carry the same or similar information in a new user friendly format with a brighter design.

I am glad to announce that we had a considerable increase in business in our Ship Registration and Seafarers Department and more young vessels have joined the fleet.

A special thanks to all my sincere and enthusiastic staff for their excellent teamwork to give breakthrough results.

I also extend my thanks and gratitude to all Maritime Registrars' and their staff along with our Flag State Inspectors, who do their jobs even at difficult times and odd hours.

My journey so far has been excellent and I am on track in my aspiration of taking St Kitts & Nevis Registry to a higher level.
